

## Westbound Ocean Boulevard Closure Postponed Project set to resume construction on Feb. 1

Jan. 24, 2013

Due to a forecast of rain, the second phase of repaving work on Ocean Boulevard between the Gerald Desmond Bridge and downtown Long Beach has been postponed.

The repaving project on Ocean has been postponed several times due to adverse weather conditions, but is scheduled to restart next weekend. The closures on Feb. 1-4 will be the second of three weekend closures that are scheduled for completion on Feb. 8-11. Download a map of the project area, [click here](#).

The weekend closures were selected to reduce the impact on commuter traffic. Work will generally start Fridays at 10 p.m. and finish by 5 a.m. Mondays. Throughout the closures, signs will guide motorists to detours.

The Port of Long Beach is committed to keeping Harbor District roadways maintained in good condition and to minimizing the impacts of construction on motorists and businesses.
