

Reminder: Port Scholarships Available for Qualifying Students Deadlines to apply are March 1 and March 13

Feb. 25, 2013

College costs can be daunting, but the Port of Long Beach is here to help.

If you are a student and interested in pursuing one of many international trade-related careers, you may be eligible for a Port of Long Beach scholarship. You must be a high school senior in the Long Beach Unified School District, or enrolled at California State University, Long Beach, or Long Beach City College to qualify.

Each year, the Port awards about \$60,000 in scholarships to help prepare the next generation of working professionals for the goods movement industry. Recipients include students who are pursuing a variety of career paths related to international trade and seaports including engineering, environmental studies, business, industrial arts and other trades.

Since 1993, the Port has awarded nearly \$475,000 to 272 Long Beach college and high school students.

The deadline for LBUSD high school seniors is this Friday, March 1, 2013. For detailed information and to access the application, [click here](#).

For CSULB students, the deadline to submit an application is March 13, 2013. To find out more and how to apply, [click here](#).

LBCC students can access [more information here](#).
