

Looking forward to 2016

Big things are happening at the Port of Long Beach! This year we will see operations start at the world's most technologically advanced and greenest terminal, more visible construction rising up for the Gerald Desmond Bridge Replacement Project and the introduction of new technologies and practices to further enhance air quality and the environment.

You can hear all about it on Thursday, Jan. 21 at 8 a.m. at the annual State of the Port address, featuring a multimedia look at the past year and the bold future ahead. You can RSVP for this free event [here](#).

If you cannot attend, the event will be webcast live at www.polb.com/stateoftheport.

Scholarship Reminder

The Port is now accepting scholarship applications from high school seniors in the Long Beach Unified School District's service area interested in pursuing a career in the maritime industry. The deadline is Friday, Jan. 15, so don't delay. For more information and criteria, visit our [POLB Academy website](#).

Long-Term Eastbound Ocean Boulevard Closure

A section of eastbound Ocean Boulevard between the Gerald Desmond Bridge and downtown Long Beach will be closed beginning Tuesday, Jan. 19 for up to 36 months as crews construct the new bridge. For more information, visit the project website at newgdbridge.com.
