

News Release

LMCs Invited to Clean Trucks Workshops **Topics for July 29, July 31 include applications, grant, leases**

July 23, 2008

The Port of Long Beach is hosting two workshops for LMCs – July 29 and July 31 at the Port Admin Building, 925 Harbor Plaza – to discuss the latest on the Clean Trucks Program.

If you can't attend, view the webcast live, by [clicking here](#) for the 9 a.m. July 29 workshop and [here](#) for the 1 p.m. July 31 workshop, or view them at the [webcast archive](#) afterward.

Keep cargo moving. Under the Clean Trucks Program, Licensed Motor Carriers that want to do business in the Port of Long Beach MUST have a Port-approved concession beginning in just a few weeks – on October 1, 2008.

Sign up now. Learn more at the upcoming workshops, or go to <http://polb.com/cleantrucks> and download your [application](#) for a Drayage Services Concession. Submit the completed application with the \$250 fee. Applying is simple, but processing will take at least 30 days. So apply now and you'll be ready come October 1.

Also, to qualify as a concessionaire, you're required to make available health insurance to your drivers. The Port of Long Beach makes that easy with its [Healthy Drivers Program](#). Urge your drivers to call 1-800-985-8608 for help in finding affordable healthcare options.

If you have questions, email us at [mailto:info@polb.com?subject=Clean Trucks](mailto:info@polb.com?subject=Clean%20Trucks) or call 1-888-KLN-TRUX (1-888-556-8789).
