

News Release

LMCs Invited to Attend Update on Clean Trucks **Topics for Sept. 25 workshop include temporary access permits**

September 19, 2008

The Clean Trucks Program begins in just a few days. Come hear the latest about Clean Trucks and get all your remaining questions answered. The Port of Long Beach is hosting a final, pre-launch workshop to update Licensed Motor Carriers at 2 p.m. September 25 at the Port Administration Building, 925 Harbor Plaza.

Topics will include concessions, and temporary truck access permits.

If you can't attend, view the webcast live, by [clicking here](#), or view it at the webcast [archive](#) afterward.

Keep cargo moving. Under the Clean Trucks Program, Licensed Motor Carriers that want to do business in the Port of Long Beach MUST have a Port-approved concession beginning on October 1, 2008. More than 200 LMCs have already applied, giving the Port a pool of more than 5,000 trucks.

Learn more at the upcoming workshop, go to <http://polb.com/cleantrucks> or call 888-KLN-TRUX (888-556-8789).
