2nd Round of Clean Trucks Leases, Loans, Grants Ports, State providing financial assistance to replace trucks

October 22, 2008

Beginning a second round of funding, the Port of Long Beach, Port of Los Angeles and the State of California are providing leases, loans and grants to help truckers replace polluting trucks with clean trucks. To view the program announcement, [click here](#). To apply, call 1-888-556-8789. To view the rankings of the first group of applicants, click [here](#). Inclusion on the ranked list does not guarantee that an applicant will receive funding for a truck.
